

A clear view of your choices, in plain numbers.

A planning tool from Little Tree Capital, built for Chief & Council. Your settlement, for your people today and for those not yet born.

01

What it is

A plain-language planning tool built for **Chief & Council**. It shows what a settlement can do for members today and for seven generations, using the Nation's own numbers.

Works in minutes, on any screen, at the Council table or at home.

02

What it does

Compares GICs with an invested fund

Balances members today with a fund that lasts

Tests priorities: now, later, or with a partner

Teaches the basics, hands-on

Answers questions in plain language

Drafts a first investment policy

03

The value it brings

Decisions in minutes, not months

Forecasts that take weeks by hand.

One shared picture

Council and members see the trade-offs.

The right order and timing

Today never borrows from tomorrow.

A foundation for policy

A start on an Investment Policy Statement.

BUILT TOGETHER

Michelle Bryant-Gravelle

LITTLE TREE CAPITAL

Shaped it around how Nations plan capital: many priorities, limited cash, staged payments.

Our trusted partners

INVESTMENT PARTNERS

The financial foundations: money through time, diversified portfolios, simulated futures.
